This diagram illustrates the assembly of a truck chassis component, likely a rear axle or suspension system. The main components are numbered 1 through 18. The central frame (7) is the primary structural element. The rear axle assembly (10) is shown on the right, and the front suspension assembly (11) is shown on the left. The diagram includes various bolts, nuts, and washers (3, 4, 5, 6, 8, 9, 12, 13, 14, 15, 16, 17) used for assembly. The components are shown in their relative positions for assembly.
